

Veritas Desktop and Laptop Option 9.1

The Veritas Desktop and Laptop Option provides automated file protection for Desktops and laptops. Protection is provided regardless of whether the computer is connected to the network (corporate or public) or offline.

The Desktop and Laptop Option is a network share-based protection and synchronization solution for Windows and Mac that enhances your current IT desktop and laptop protection policies using your existing IT infrastructure.

It provides continuous, non-intrusive backup of files in both, the corporate and public networks.

Built with ease of use in mind, the Desktop and Laptop Option allows both small and large enterprises to:

- Deploy with remarkable ease
- Manage backup and recovery tasks centrally across the entire organization.

Entitlements

The table below is a listing of the entitlements to Veritas products granted to this account. Most entitlements do not require registration as they are added to the account automatically via the order fulfillment process. The Entitlement ID starts with an A, and is listed on the Veritas certificate issued to the account holder. Use the Search feature below with Entitlement ID option selected to locate your entitlement.

To search for legacy serial numbers that start with M, use the Search feature with the Legacy Serial Number option selected.

If the Veritas product included instructions to register the product or to redeem a voucher, please use the Register Serial Number or Redeem Voucher links. Once the Veritas product has been registered, the associated Entitlement will be added to this account.

Please note that it is the responsibility of the account owner to only deploy and use the quantity of Veritas products purchased. Use of all Veritas products shall be in accordance with applicable terms and conditions.

- i) Click the **Generate** button and enter the license quantity that you want to deploy.
- j) Click **Save** to save the license file to the local system.

The screenshot shows the 'Generate a License Key' page in the Veritas Licensing Portal. The navigation bar at the top includes 'Home', 'Appliances', 'Licensing' (which is highlighted), and 'Support'. Below this, a secondary bar contains 'Home', 'Entitlements', 'Administration', and 'Help'. The main content area has a 'Back' button and a title 'Veritas Desktop and Laptop Option [dropdown], 100 User License'. There are four tabs: 'Files', 'Licenses' (selected), 'Download Log', and 'Notification Log'. The section is titled 'Generate a license key' with the question 'How much of your license quantity would you like to deploy?'. A text input field contains '400' and a red 'Generate' button is next to it. A disclaimer at the bottom states: 'Please note that it is the responsibility of the account owner to only deploy and use the quantity of Veritas products purchased. Use of all Veritas products shall be in accordance with applicable terms and conditions.'

The screenshot shows the 'Generated License' page in the Veritas Licensing Portal. It features a 'Back' button and the same title 'Veritas Desktop and Laptop Option [dropdown], 100 User License' and tabs as Figure 5. A message reads: 'Please save the license to your local system, and follow your product's documentation for how to use this license key to activate your product.' Below this, the title 'Veritas Desktop and Laptop Option [dropdown], 100 User License' is repeated. The license details are listed: 'License Applicable to: Veritas Desktop and Laptop Option [dropdown], 100 User License', 'Products(s):', 'Version: [dropdown]', 'License Quantity: 400', 'Expiration Date: [dropdown]', 'Generated By: Veritas Customer Care', and 'Generated On: Nov 3, 2016'. At the bottom, there are red 'Print' and 'Save' buttons.
