Patches for Storage Foundation Cluster File System HA and Platform

Back to top

Product (recommended)

Patch	Date	Size
sfha-sles11_x86_64-5.0MP4RP1	2011-05-16	143.87 MB

Platform (required)
No patches required.

Platform configuration

Back to top

Unless otherwise stated, the specified Veritas product supports all platform kernel versions.

Supported platform version

Product versionPlatform version5.0MP4 SUSE Linux Enterprise Server 11

Host bus adapter (HBA) parameters and switch parameters

Back to top

Unless otherwise stated, the specified Veritas product supports all HBAs (except iSCSI HBAs) and fibre channel switches supported by the platform and storage array manufacturers listed in the hardware compatibility list (HCL). For more details, click the link to the HCL.

Operations Manager

Back to top

Veritas InfoScale Operations Manager gives you a single, centralized management console for the InfoScale products. You can use it to monitor, visualize, and manage storage and cluster resources, and generate reports about these components in the Management Server domain.It can also help administrators centrally manage diverse data center environments. This section lists the documents for Veritas InfoScale Operations Manager 8.0.2.
